Subject: Dimock Daily Report: February 27,2012

Dimock Daily Report

Date: February 27, 2012

FIELD ACTIVITY

Water Supply (Gerald Heston)

- EPA has provided larger tanks to homes receiving alternate water. This will result in less frequent water deliveries.

Water Sampling (Gerald Heston)

Work continues on data review and input into SCRIBE database.

LEGAL ISSUES (Humane Zia)

Humane Zia received a letter from Cabot's counsel, responding to EPA's February 17, 2012 followup 104(e) letter, and a disc (with cover letter) containing approximately 12,000 pages of documents (including well-by-well sampling data reports from approximately 2008). Cabot anticipates submitting its 'remaining responsive information' by March 2. These letters and files have been copied to the share drive in Region 3 for access by multiple offices.

Please let us know if you have questions or need more information.
